

January 11th. We will send details of the meeting place and time in January.

3. The DOT, Watch Commander and LAFD are all 24 hour numbers and we are coordinating services; however if you do not feel its sufficient feel free to contact the Mayors Office.

4. Regarding the Vista, we will certainly notify you of changes and plan to have a follow meeting in early January.

5. We CD4 have requested the work that Rec and Parks is doing specifically the way finding and midterm solutions. We have been working with Rec and Parks to make this plan responsive to all communities and to ensure that its successful. There will be changes in the proposed plan based on the feedback that we have received to date. We will need your continued support to ensure that its a success. More details will be available when the MND is released in early January and when we have our next public meeting on January 11th.

Regarding Heather's suggestion, they do have instructions and a map on where to direct folks to Griffith Park. They have been using this during all of our increased enforcement periods.

Have a very Merry Christmas. As I wrote in my last email I am not available starting today and you have the contact info for both Daniel and Adam who will be on call.

All,
In addition to the enhanced deployment of DOT Officers and Park Rangers, LAPD will keep a unit in the area throughout the holiday period.

Also, Parks has adjusted the sign at the bottom of Beachwood back to the "no access to the Hollywood sign" message.
Best wishes for a peaceful Holiday!

Peter A. Zarcone, Captain
Commanding Officer
Hollywood Area

Thank you for the additional resources. I wanted to voice the concerns of a group that never contacts LA officials about the Vista—tourists. I have spoken to many tourists with families, including young children, who are shocked that they were directed to a raw site like the Vista that has no fencing to prevent children from falling into a ravine filled with natural vegetation and cacti. As the City knows, parents will obviously be distracted looking at the sign. It will only take a moment or two for a child to fall off the side of the Vista into a ravine. This foreseeable risk, in and of itself, should have led the City to contact Google and do what is necessary to remove this site as a mass Hollywood Sign viewing destination. It is not safe for children whatsoever. The key word here is mass. In any industry, including tourism, that deals with masses of consumers, the product offered must be safe. The Vista, which is being offered by the City (due to its failure to get it removed from Google and other sites/ and/or closed), appears to be offering a dangerous product. The Vista can not be made safe because it would never pass an EIR to get it approved for hundreds of thousands of visitors. It was a dangerously poor choice for a viewing area.

Fire departments in my view are concerned with not just fire, but general safety. I agree with Heather Hamza that visitors should be redirected to another location that has been deemed safe for the masses. One with fencing and paved ground.
